Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include wealth management which is a combination of financial planning and investment management services. Investment management services are made available on a wrap fee program basis. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use exchange-traded funds, stocks, bonds, options, independent managers, and/or alternative investments in constructing portfolios. We may also utilize mutual funds. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our standard services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also offer to meet with you at least annually, or more frequently, depending on your needs.

Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.

Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship. However, we do require a minimum annual fee per household of \$7,500 which may be reduced at our discretion.

Additional Information: For more detailed information on our relationships and services, please see [Item 4 – Advisory Services](#), [Item 13 – Review of Accounts](#) and [Item 7 – Types of Clients](#) of our Form [ADV Part 2A](#) and [Appendix 1 Wrap Fee Program Brochure](#) available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Wrap Fees: Our asset-based wrap program fees for wealth management services can range up to 1.25% annually or a fixed fee. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees. Asset based wrap program fees will include most transaction costs and fees to a broker-dealer or bank that has custody of the client's assets, and therefore are often higher than a typical asset-based advisory fee. We require a minimum annual fee per household of \$7,500 which may be reduced at our discretion.

Other Fees & Costs: In addition to our asset based wrap program advisory fee, you will also be responsible for third party manager and/or platform fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds.

Additional Information: **You will pay fees and costs whether you make or lose money on your investments.** Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see [Item 5 – Fees and Compensation](#) of our [Form ADV Part 2A and Appendix 1 Wrap Fee Program Brochure](#) available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment advisor?
How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment advisor, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

We will recommend that you open your account with a specific custodian, where we maintain an institutional relationship and receive economic benefits. The receipt of economic benefits presents a conflict of interest and can influence our recommendation of the custodian to you. However, you ultimately decide where to open your accounts. Choosing a different custodian may result in the loss of quality of service and/or ability to obtain favorable prices.

Additional Information: For more detailed information, please see [Item 10 – Financial Industry Activities and Affiliations](#), [Item 12 – Brokerage Practices](#) and [Item 14 – Client Referrals and Other Compensation](#) of our [Form ADV Part 2A Appendix 1 Wrap Fee Program Brochure](#) available via our firm’s [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue generated from advisory services. Profits are distributed in accordance with our partnership agreement. This means our financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.
